To achieve excellence, by means of providing knowledge in Buddhism, Pali and related fields and enabling students to reach high standards in virtue, knowledge in the Dhamma and relevant skills and to foster and nourish, both in and outside Sri Lanka, a way of life exemplified in the teaching of the Buddha.

The Message of the Venerable Vice Chancellor

The basic objective of this university, established in accordance with the Buddhist and Pali University of Sri Lanka Act No. 74 of 1981 as amended by the Buddhist and Pali University of Sri Lanka Act No. 37 of 1995, is the development of the study of Buddhism and the Pali Language both locally and abroad, and the promotion of erudite scholars conforming to it.

Accordingly, the study programme commenced from 1997 at the university complex at Homagama and continues to this day. Meanwhile an attempt is being made to achieve the above objective of the University through the establishments in Singapore, South Korea, Cambodia and Malaysia which function as the external foreign affiliated institutions. This arrangement continued in the year 2002. It has been proposed to inaugurate several more foreign affiliated institutions.

The proceedings to admit 50 new students for the year 2003, and to obtain 2 houses externally to provide hostel facilities for them were completed within the year 2003. Similarly the construction of the parapet wall around the boundaries of the Homagama complex were completed in the year 2002, while the acquisition of a plot of land, 4 acres 2 Roods 17 Perches in extent adjacent to the university complex and owned by the Western Provincial Council, was effected in the same year. The office building in Colombo was completely repaired and painted during the year.

It was during the year 2002, that the university was able to obtain an allocation of the sum of seventy five million rupees from the General Treasury for the year 2003, to construct students' hostels, lecture halls and a kitchen.

It was possible to bring to the attention of the Ministry, the need for the systematic organization of the Faculties and departments of studies, which has eluded its notice so far, but indicated in the audit queries, and to obtain the Ministry's approval.

Necessary steps have been taken to commence a certificate course in computer technology from the year 2003. It was during the year 2002 that steps were taken to plan and utilize financial allocations for all these activities.

In the year 2002, steps were taken to transfer the staff of all branches with effect from 2003, revamp office management in a manner enabling them to receive training in the functions of the office and to give a training in Information Technology.

Preliminary arrangements too commenced during the year 2002 to re organize the study programmes according to the unit system.

09 Acquisition of Lands

The Cabinet of Ministers, at its meeting held on 18 June 1997, granted approval to acquire a plot of land, five acres in extent, from the land where the District Agricultural Training Centre was located at the village of Pitipana, in the Divisional Secretariat division of Homagama of the Colombo District, Western Province, for the Buddhist and Pali University of Sri Lanka. A large number of letters regarding the acquisition of land was exchanged among the relevant organisations. During the year 2002, Hon. Reginold Cooray, the Chief Minister of the Western Province as well as Hon. Lasantha Alagiyawanna, the Minister of Agriculture, Lands and Transport of the Western Provincial Council examined the acquisition of the plot of land applied for by the Buddhist and Pali University of Sri Lanka. Pursuant to this examination, the ownership of the following plots of land was transferred to the university with effect from 05 December 2002.

- ❖ 01 Rood 23 Perches bordering the Moragahahena road
- ❖ 04 Acres 2 Roods and 17 Perches bordering the Gurulugomi Road

The Deed of transfer relevant to the ownership of these plots of land was donated by Her Excellency Chandrika Bandaranaike Kumaratunga, the President of the Democratic Socialist Republic of Sri Lanka to the Venerable Thumbulle Seelakkhandha Nayaka Thero, who is the incumbent Vice Chancellor of the Buddhist and Pali University of Sri Lanka at Nittambuwa on 08 December 2002.

10. Acquisition of the lands and the building owned by the WP/H/Gurulugomi Junior School

The Cabinet of Ministers, at its meeting held on 22 February 1996, has decided to acquire the plots of land and the buildings located at Homagama in the Western Province for the siting of the Buddhist and Pali University of Sri Lanka at one location. Accordingly, the buildings owned by the Gurulugomi school have been refurbished and the university located therein. The relevant organisations and the Divisional Secretary of Homagama have been informed to take action to hand over the land where the Gurulugomi school is located. All documents required for the acquisition and transfer had been submitted to the Divisional Secretary. However, no action has been taken to acquire and transfer this land even by the end of the year.

11. The Construction of Hostels, Lecture Halls and a Kitchen

It has been possible to provide residential facilities to only one hundred students within the university. This lack of residential facilities has adversely implemented the intake of students. Planning has been done to construct hostels adequate to two hundred and four students. The commencement of the activities of construction of the buildings is due in the year 2003.

The classrooms that belonged to the old Gurulugomi Vidyalaya have been repaired and lectures for the students are conducted there at present. One lecture room is adequate for twenty five

students. As there is no room to conduct lectures to more than twenty five students, the garage where the vehicles are parked, is being used to deliver the lectures. With the hope of admitting one hundred students during the coming year, it has been planned to construct four lecture halls in the manner given below:-

1. A lecture hall for the Faculty of Buddhist Studies
2. A lecture hall for the Faculty of Language Studies
3. A lecture hall for the Computer Centre
4. A lecture hall for the English Language Studies

The construction of the lecture halls is due to commence in the year 2003.

The majority who studies in this university consists of student monks as it is a university specially allocated for the studies of monks. Therefore there is no kitchen for the student monks to partake of their meals and to prepare them. It has been planned to construct a kitchen and the construction activities are due to start in the year 2003.

In terms of the above requirements plans have been drafted for the above mentioned three projects and have been submitted, through the Secretary of the Ministry of Education and Higher Education to the Department of National Planning of the Ministry of Finance and Planning. Accordingly, it has been intimated by the letter dated 28.09.2001 that the estimated sum of Rupees fifty five million can be allocated through the Budget Estimate of the year 2003.

12. Constructions and Provision of Facilities

- i. Construction of a parapet wall around the perimeter of the university

The construction activities which commenced during the latter part of the year 2001 were completed during the year 2002.

- ii. The renting/leasing of two external hostels

Facilities adequate for the fifty students who will be admitted in the year 2003 are not available in the hostels located within the university. Therefore, two external hostels were taken on rent/leased at the premises of the following addresses on 15.12.2002.

- No. 10, Walawwa Road, Homagama
- No. 593/20/02, Gurulugomi Mawatha, Pitipana North, Homagama
